Methapharm Appointed as Canadian Distributor for RESOTRAN[®]

Methapharm is pleased to announce that it has been appointed the Canadian distributor for RESOTRAN (prucalopride succinate) tablets and is now supplying pharmacies across the country.

About Methapharm Specialty Pharmaceuticals

Methapharm is a privately held specialty pharmaceutical company that focuses on the acquisition, licensing, and promotion of healthcare products in North America. Methapharm markets its own proprietary products as well as partners with global companies in order to deliver a line of products in the USA and Canada.
