

OptiVantage™

Multi-use power injector & its
selected consumables
work better together

Choose the ideal
COMBINATION

Excellence selected by Guerbet

Combining your OptiVantage™ with Guerbet consumables ensures optimum performance.

Based on years of scientific research and innovation in diagnostic imaging, we provide own-designed consumables that reach high levels of excellence, evidenced by traceability, certifications and studies⁽¹⁾. Our products are designed specifically to deliver the reliability, high quality and safety you expect for your CT injection procedures.

All of our products are CE marked and comply with the European Union regulatory requirements for Medical Devices.

Legal manufacturers LF and Medexare ISO 13485 certified. ISO 13485 ('Medical Devices - Quality Management Systems - Requirements for Regulatory Purposes') is a standard for the implementation of a quality system for medical devices manufacturers. It provides a framework that includes risk analysis, evaluation and control for risk management in medical device design, development, and manufacturing as well as for monitoring the safety and performance of the device after sale.

Dual Multi-Use Syringes

Up to 24 hours multi-use performance
2 x 24h 200mL syringe: Multi-use –
pressure limit 350psi

REF #241827

ManyFill™

Authentic multi-use performance
All in one pre-connected day-set, for CT and MRI
Multi-use – pressure limit 350psi

REF #237306

Secufill™

Proven performance and safety
Patient line with proven double safety valve, for CT and MRI**
23cm – single-use – pressure limit 350psi

REF #218684
