

Illumena® Néo Single-use
CathLab injector & its
certified* consumables
work better together

Choose the ideal
COMBINATION

* Certified by Guerbet

Essential certified by Guerbet

Combining your **Illumena® Néo** with **Guerbet consumables** ensures optimum performance. Our priority is to support you by improving our consumables portfolio, thanks to a partnership with selected manufacturers to ensure high quality standards in your daily injection workflow.

All consumables are selected, tested and certified to meet the highest Guerbet quality standards. Legal manufacturers are ISO 13485** accredited and all consumables are CE marked and comply with the European Union regulatory requirements for Medical Devices*** or with the U.S. regulations or with local regulatory requirements when products are approved or registered.

* Certified by Guerbet as compatible on Guerbet injectors - data on file. ** Legal manufacturers Liebel-Flarsheim Company LLC and Shenzhen Boon Medical Supply Co., Ltd. are ISO 13485 certified. *** The EU Medical Device Directive (93/42/EEC, MDD) is a legislation which addresses essential principles for the safety and performance of medical devices during their lifecycle. The new EU Medical Devices Regulation ((EU) 2017/745, MDR) will repeal the existing MDD and bring significant regulatory changes.
